INTRO

In 2023, Chicks for Children kept hope alive for the orphans and widows of the Kipsungu slum in Kitale, Kenya. Through growing initiatives in our Seeds Ministries, we reached over 500 children, giving them a chance to escape the dire effects of poverty and providing new hope for the future. We can't do this without you! With your generous donations, we can reach more orphans and widows while providing them with reliable food and water, essential medical care, successful education, sustainable business opportunities, and, above all, hope.
